# TELL'S IRIS GARDENS

691 East Eighth North

PROVO, UTAH

1947

*Utah Centennial*

*Iris Offerings*

*Iris of Distinction*

# Our Sensational 1947 Utah Centennial Collection Offers

This year we are making three sensational collection offers in the spirit of our Centennial Celebration. One group consists of Utah products of Mr. Larsen and myself; another products of hybridizers of the mid-West and finally a popular group of "Mohrs"—all descendants of Wm. Mohr.

No. 1	No. 2	No. 3
<b>Utah Beauties</b>	<b>Mid-Western Special</b>	<b>"The Mohrs"</b>
<b>ALDURA</b>	<b>HONEYFLOW</b>	<b>LADY MOHR</b>
<b>SEA LARK</b>	<b>THREE OAKS</b>	<b>BARRIMOHR</b>
<b>MELODY LACE</b>	<b>GOLDEN FLEECE</b>	<b>ELMOHR</b>
<b>LATE GUEST</b>	<b>KATHERINE FAY</b>	<b>GRACE MOHR</b>
<b>MOUNT TIMP</b>	<b>DISPLAY</b>	<b>(Ormohr or Mohrson)</b>
<b>(\$51.50 Value)</b>	<b>(\$50.00 Value)</b>	<b>N. J. THOMAS</b>
for	for	for
<b>\$25.00</b>	<b>\$25.00</b>	<b>(\$36.00 Value)</b>
		<b>\$20.00</b>

To those of you who do not take advantage of one, or all, of our collection offers we think you will find our policy a pleasant one. List as many alternates in your order as you care to. We will furnish your first choices if we can—then we will add a generous supply of these alternates. You will be pleased with the number and quality of the rhizomes we send, but in this way you get only iris wanted. It is difficult for us to "guess" what you may not have or would like when we are planning the extras for your package. To those who do not want extras or do not care to list alternates we make a discount of 20% on all orders over \$10.00.

## Terms:

Cash with order. Postage paid on all orders over \$3.00. Orders for less add 25c to cover packing and postage.

## Shipping Dates

Our rhizomes mature here after the 15th of July, however, if you desire earlier shipments we will send the best plants we have at the time. Shipments will be made at any specified date you may desire. We try, always, to supply only fully developed rhizomes which should bloom the first year in your garden. Absolute satisfaction guaranteed.

Join the American Iris Society, 821 Washington Loan and Trust Bldg., Washington, D. C. The four quarterly bulletins will thrill and keep you up to date on iris culture for only \$3.00 yearly.

Our peak bloom is May 20th to 30th.

# 1947

## Tell's Iris Gardens

(Tell Muhlestein, Owner.      Mr. and Mrs. Samuel Crosby, Growers.)

691 East 8th North — Provo, Utah

---

### *Foreword*

Greetings!

This year we would like to invite everyone to visit Utah, and our gardens, for 1947 is Utah's Centennial. We know you will find that our once desert-land has, indeed, been made to "blossom as the rose" (or the iris.) In a special way we, too, are celebrating this centennial with six of our own introductions and another from the hand of our friend Mrs. P. E. Corey, of Reading, Mass. We are sure the iris-loving fancy will like our offerings. COOL LEMONADE is as refreshing as a drink of cool lemonade on a warm spring day. CREAM GOLD is equally refreshing with all the charm of its parents. DAWN OVERLAY we think you will find a new departure in coloring. GOLD RUFFLES, although a bit marked with cinnamon reticulations on the haft, has been the one iris almost everyone has asked for, so we are offering it with apologies, but with an assurance that it will catch your heart-strings. MIRROR LAKE, too, has its faults in high branching and a lack of buds, but its color, grace and form will, we are sure, compensate; the flowers hold their shape and color until they wither. RARE MARBLE is the brightest red-trimmed plicata we have grown. And from Mrs. Corey her lovely AMITY, an unusual blue and white plicata, which might be referred to as a "fancy" by Prof. Mitchell or as a "Striate" by Mr. Tompkins. We saw AMITY in its glory in Southern California last spring. We know you will like all of these iris, and we introduce them with a full realization of the strong competition they must meet. Since 1942 I have grown approximately ten thousand seedlings yearly.

For two years Mr. and Mrs. Samuel Crosby of Orem, Utah have been growing and increasing my iris stock, for my own space in Provo is principally occupied with the growing of seedlings and breeding stock. We hope those of you who have not tried our plants will give us an order. We think you will find our rhizomes as fine as anything grown. The Orem soil is ideal for iris culture. It is a light sandy loam without rocks—only a goodly supply of natural unused food elements. The hands of this couple are, indeed, expert in the care of these plants. Mrs. Crosby has become an extensive hybridizer, so we anticipate the year of her first introduction. Nearly all the plants we

send out this Centennial year will come from the Crosby farm; only some 1945, 1946 and 1947 introductions, for the most part, will have to come from my own garden, and I shall make no apologies for the rhizomes I send you, for we have had good reports from fanciers the past three years. With our expanding business, however, we hope to grow all our stock, even to the introductions, on the Crosby farm.

### Offer of Pink Seedlings to Hybridizers

This year I will have many plants of these new strains "Sea Shell" or "Flamingo" pinks. In 1944 there appeared among my seedlings a delicate Shell-pink from the cross of Mary Rich Lyon and Midwest Gem which I numbered 44-67. It is a sister seedling to GOLD RUFFLES which I am introducing this year. I have used 44-67 with Dr. Loomis' and Dave Hall's pink seedlings as well as with pink blends from various sources, so I will have a few extra plants of some of the numbered pink seedlings I saved last year (and perhaps some from this year, as well), so if you are seeking pink breeding stock I will be glad to send you some of these seedlings. Numbered pinks will be \$3.00 each. Sister seedlings in other colors (not pink) at \$1.00 each. Parentages will be furnished. I will have, this year, as well, seedlings from Overture, Dream Girl, Melitza, Flora Zenor, Dave Hall's 42-10, 44-55, Golden Eagle, Daybreak, Golden Spike, Hall's 40-24, 40-32, 40-34 (three sister seedlings), some from Whiting seedlings and Dr. Loomis' S.Q. 72. These are producing unusual and new colors.

### Wanted

Have you produced a Wm. Mohr seedling? Or do you know of one? If you do will you write me about it? I have two dozen of these, now, and some I will have to trade with others who may be interested in this strain of "Mohr" hybrids.

### A Hint

We offer some hints to those who have crossed with Wm. Mohr without much success. Open all buds just before they are due to open normally and pollenate all three stigmas before they have had a chance to become dry. The following varieties we have found to have very fertile pollen and will produce seed when used on Wm. Mohr: Pioneer and derivitives (Indian Hills, Bright Melody, Inspiration, etc.), Los Angeles, San Francisco, and Sacramento and derivitives (Franklin B. Mead, Claribel, etc.), Orloff and its decendents (Elsa Sass, Moonlight Madonna, etc.), Golden Eagle, Brown Betty, Radiant, Blue Shimmer, Chosen, Royal Command, Sunol, Ib-Mac, Casa Morena, Alta California, Madam Louis Aureau, Gypsy Baron, Golden Spike, Sea Deep, Aztec Copper, Mauna Loa, Sea Shell derivitives, Aldura, El Capitan, Dauntless,

Cardinal and Rubeo derivities. W. R. Dykes and derivities (Happy Days, Isabellina, etc.), and our own Cool Lemonade which is from two plicatas, Electra and Bonanza. Dr. Loomis, John Ohl and C. G. White suggest using diploids (24 cromosomed varieties) of pallida blood (such as Clara Noyes, Trostinger, Eros, Pink Ruffles, No-we-ta, Beverly, Elizabeth Ann, etc.) as pod parents when using the pollen of the oncocyclus species and their pure bred seedling offspring. We would suggest, too, using Purissima, Easter Morn and Snow Flurry as pod parents for these same oncocyclus and their fertile descendants since these varieties set seed with great ease. We hope you find these notes of interest.

### Keeping the Pollen.

We have found a pollen-file very handy to keep throughout the blooming season and we carry this with us everywhere we go. I make small envelopes from half sheets of typing paper folded to fit into a narrow but fairly long box. We have found a small cheese-box ideal.

We have kept pollen (on their stamens, for easy handling and hybridizing) six weeks with good results at the end of that period. It is not necessary, here, in this somewhat arid state to keep pollen in closed capsules or under refrigeration.

## Our 1947 Introductions

**COOL LEMONADE** 44-5 Muhlestein (Electra x Bonanza) Ruffled pale lemon-self even to the beard. Down-hanging falls. If you like Elsa Sass and Moonlight Madonna you will like Cool Lemonade. Early to Midseason. Height 32 inches ..... \$15.00 each.

**CREAM GOLD** 45-100 Muhlestein (Fort Knox x Dr. Loomis' "Type Dore"—a Sea Shell seedling.) A reverse yellow and white bi-color. Standards yellow-gold, falls white edged color of standards. The flower fades to a cream-yellow self after the first day, in hot weather—hence the name. The shape of the flower follows that of the parent Fort Knox. Cream Gold is such a rampant increaser we are able to offer it at a very modest price. Midseason to late. Height 36 inches ..... \$5.00 each.

**DAWN OVERLAY** 44-41 Muhlestein (Camelina x City of Lincoln) A tawny buff-yellow self of cellophane-like appearance with a flush of cinnamon and very pale lavender over the entire flower. Falls flare horizontally. The substance appears very thin, but the flowers hold their shape and color to the last even in hot weather. We know of nothing like it. Midseason. Height 36 inches ..... \$10.00 each.

**GOLD RUFFLES** 44-110 Muhlestein (Mary Rich Lyon x Midwest Gem) Very large, extremely ruffled flowers. Some inconspicuous cinnamon reticulations on the haft slightly detract from its ruffled yellow beauty, but everyone seems to want Gold Ruffles. It should prove a valuable parent. Midseason to late. Height 36 inches ..... \$15.00 each.

**MIRROR LAKE** 45-109 (Blue Spire x Great Lakes) Large medium blue with delightful curvature of the petals which is "just right" and approaching perfection of form. Five or six buds on tall stalks which are high-branched, but the clump effect is good, as are the individual blooms. Midseason. Height 40 inches ..... \$10.00 each.

**RARE MARBLE** 44-151 Muhlestein (Bonanza x Tiffany) The brightest yellow-ground red-trimmed plicata we have grown. The markings are deftly put on, so the yellow color shows up well. If you like Firecracker you will go for Rare Marble. Not tall or large, but a real one for show. Midseason to late. Height 30 inches ..... \$10.00 each.

**AMITY** Mrs. P. E. Corey (Sensation x Los Angeles) x (Wambliksa x San Francisco) This might be termed a "fancy" plicata with its white ground, standards and falls brushed with light violet blue. The standards are so closely "washed" with color they appear a self; the falls brushed deeper at the haft. Beard inconspicuous. Should prove a valuable parent for whites, blues and plicatas. Fragrant. Midseason to late. Height 38 inches ..... \$10.00 each. One each of our 1947 introductions for ..... \$59.00.

# Tell's Iris Gardens -- 1947

<b>ABSOLUTE</b> (Kirkland 1941) Standards tan, falls deep copper ....	\$3.00
<b>ACADIA</b> (Tompkins 1946) Rich deep lemon .....	\$7.00
<b>ACE HIGH</b> (Lyell 1945) Bright yellow with light area in falls. Nice	\$3.00
<b>ACE OF SPADES</b> (Salbach 1941) Lustrous dark purple .....	\$1.50
<b>ACROPOLIS</b> (Berry 1929) Rich bi-colored blue .....	.75
<b>ACTION FRONT</b> (P. Cook 1942) Striking red. Near the top ....	\$4.00
<b>ADELANTO</b> (DeForest 1941) Naranja coloring with added brown, \$1.50	
<b>ADMIRATION</b> (K. Smith 1946) A new yellow .....	\$15.00
<b>ADVANCE GUARD</b> (Mitchell 1945) Medium sized plicata .....	\$3.00
<b>ADVENTURE</b> (Grant 1941) Yellow plicata. Marked rosy-brown, \$2.00	
<b>AGLOWING</b> (Horton 1945) Very deep glowing gold .....	\$10.00
<b>ALADDIN'S WISH</b> (Murawska 1945) Large blue brushed cream. A honey .....	\$8.00
<b>ALASTOR</b> (Spender 1940) Deep pink and gold blend from England	\$1.00
<b>ALDURA</b> (Larsen 1943) Just tops in the plicata class. Blue and white with very heavy substance and wide flaring falls .....	\$1.50
<b>ALLUMEUSE</b> (Gage 1938) From Dorothy Dietz x Sir Michael. Should be a fine parent for Amoenas. In violet shades .....	.75
<b>ALONA</b> (DeForest 1945) A ruffled China Maid seedling of similar coloring. Flaring .....	\$10.00
<b>ALTA ROSA</b> (C. G. White) Rose-lavender, washed bronze. $\frac{1}{4}$ Onco,	.50
<b>ALWAYS</b> (C. G. White 1937) Cream plicata marked bronze-purple	.50
<b>ALZA HOLA</b> (Snyder 1941) Powder blue flushed gold. Good in warm weather .....	\$3.00
<b>AMBER GEM</b> (Salbach 1946) Chestnut-brown and gold .....	\$20.00
<b>AMBERWOOD</b> (Kirkland 1941) Tan-copper blended .....	\$3.00
<b>AMIGO</b> (Williamson 1934) Most popular neglecta. Bi-pansy purple, \$1.00	
<b>ANCHORAGE</b> (Grant 1940) Brown-red that catches the eye .....	.50
<b>AND THOU</b> (Graves 1942) Palest wedgewood blue .....	\$4.00
<b>ANGELUS</b> (Egelberg 1937) Glowing, heavy substanced lilac-pink .....	.60
<b>ANITRA</b> (H. Sass 1936) Still a great favorite in the light blues .....	.40
<b>ANNABEL</b> (Whiting 1942) A quality light blue .....	\$1.50
<b>ANNA WILLIAMSON</b> (P. Cook 1946) A new pink blend. H. M. 1946, \$9.00	
<b>ANNE MARIE BERTHIER</b> (Cayeux 1939) Large green-white, .....	\$1.50
<b>ANNE NEWHARD</b> (Wiesner 1940) Rich velvety blue-bi-color, ....	\$1.50
<b>ANTIGONE</b> (Cayeux 1938) French Dykes Medal 1938. Yellow ....	\$1.00
<b>APRICOT</b> (Kleinsorge 1938) Medium sized, ruffled apricot .....	.60
<b>ARAB CHIEF</b> (Whiting 1944) Rich burnt orange self .....	\$6.00
<b>ARCTIC</b> (Kleinsorge 1940) Creamy-white brushed gold .....	\$1.00
<b>ARETHUSA</b> (Gage 1940) Huge daphne red and golden bronze. Showy	\$1.00
<b>ARIENE</b> (Cayeux 1939) Over-all-marked plicata from France ..	\$1.50
<b>ASHES OF ROSES</b> (Kirkland 1940) Smoky rose. Beautiful .....	\$1.00
<b>AT DAWNING</b> (Kirkland 1935) Pink, rose and yellow bi-color .....	.40

ATROUS (Gage 1943) Extremely dark red-purple. Grand .....	\$6.00
AUBANEL (Cayeux 1935) Very popular pink blend .....	\$1.00
AUTUMN FLAME (H. Sass 1941) New fall-bloomer. Good parent ....	\$3.00
AUTUMN SUNSET (Lapham 1942) Blended rose ,gold and lilac	\$1.50
AZTEC COPPER (Kleinsorge 1939) Large copper flushed violet. Magnificent parent .....	\$1.50
AZTEC GLORY (Horton 1941) Blending of rose, red and copper ....	\$2.50
AZURE SKIES (Pattison 1943) Delightful light blue. Ruffled ....	\$5.00
BALLET GIRL (H. Sass 1935) Delicate white-orchid-pink pallida	.50
BALMUNG (H. Sass 1939) Rich, imposing yellow plicata .....	\$2.00
BANDMASTER (D. Hall 1944) Large medium blue .....	\$7.50
BARBARA ELLEN (Gage 1942) Tan standards, violet falls. Amoena breeding .....	\$1.00
BARRIMOHR (Wm. Miller 1944) Rich purple. Large. (Wm. Mohr x Adobe)	\$10.00
BELMONT (T. A. Williams 1938) A good blue parent .....	.50
BERKELEY GOLD (Salbach 1942) One of the richest yellows out. A M. 1946 .....	\$4.00
BERMUDA SAND (D. Hall 1939) Ruffled tan .....	\$1.50
BEVERLY (Lapham 1939) Delicate pallida pink. Nice .....	\$1.00
BEVERLY HILLS (Milliken 1944) Strong mallow pink blend .....	\$1.50
BIRCHBARK (Kleinsorge 1940) Heavy substanced white with inner glow .....	.75
BLACK AND GOLD (Kleinsorge 1943) Old gold standards, rich black-purple falls .....	\$7.50
BLACK BEAUTY (Kirkland 1934) One of the fine dark ones .....	.40
BLACK FOREST (Schreiner 1945) Neither large or tall, but as dark as they come .....	\$15.00
BLACK HAWK (Schreiner 1941) Fine dark intermediate. Early ....	\$1.00
BLACK WINGS (Kirkland 1930) Dark purple .....	.30
BLUE CLOUD (Horton 1942) Gigantic black-purple .....	\$4.00
BLUE DIAMOND (Nicholls 1938) Wonderful blue, but tender in some places .....	\$1.00
BLUE FRILLS (B. Stephenson 1946) New odd blue self .....	\$10.00
BLUE PETER (C. G. White 1936) Fine rich purple self. Showy .....	.40
BLUE RHYTHM (Whiting 1945) We look on this as about tops in the blues .....	\$15.00
BLUE SHIMMER (J. Sass 1942) Striking, beautifully marked blue and white plicata .....	\$7.50
BLUE SPIRE (Milliken 1939) Tall medium blue. A fine parent	\$1.00
BOMBAY (Hamilton 1943) Very large wide variegata .....	\$1.00
BONANZA (J. Sass 1939) Nicely marked yellow plicata .....	.50
BONSOR (Connell 1938) One of the best deep blues .....	\$1.00
BRIGHT MELODY (Snyder 1941) Rich concord-grape red. In the color range of Inspiration, but with more substance. Grand .....	\$5.00
BRONZED COPPER (Kleinsorge 1943) This has color. Brilliant copper with blue flush on falls. Very showy .....	\$5.00
BRONZE IMAGE (Kirkland 1940) Rich bronze-red and gold,	\$1.00
BRONZINO (Salbach 1937) Tan. Re-blooms in warm states, ....	.50
BROWN BETTY (C. G. White 1934) One-half Onco. A good parent both ways .....	.50
BROWN BONNET (Gage 1941) Two-toned brown. Popular .....	\$3.00

BROWN BOY (Salbach 1940) Brilliant orange-bronze. Swell .....	\$1.00
BROWN THRASHER (Kirkland 1941) Light golden-brown. A. M. 1943 .....	\$7.50
BRUNHILDE (Salbach 1934) Rich deep violet. A fine parent .....	.50
BRUNO (Bliss 1922) A fine purple; breeder of Dominion quality, .25	
BRYCE CANYON (Kleinsorge 1944) Glowing henna-brown-copper. Limited stock .....	\$10.00
BUCKSKIN (Kleinsorge 1939) Deep tan. Heavy substance .....	\$1.00
BUDDHA (Milliken 1945) Unusual is the word for this large iris ....	\$2.00
BUFFAWN (Andrews 1940) Odd tan, gold and pink with tangerine beard .....	\$1.00
BURGUNDY ROSE (D. Hall 1946) Dark Amethyst. Large .....	\$10.00

CADETTOU (Cayeux 1934) Odd, but showy variegata. Different ....	.35
CALDERILLA (DeForest 1944) Blended brown tones. Sister to Casa Morena .....	\$6.00
CALIFORNIA GOLD (Mohr-Mitchell 1933) Still a grand yellow, ....	.35
CALIFORNIA PEACH (Salbach 1941) Peach, pink and apricot, \$2.50	
CALIFORNIA TREK (C. G. White 1941) Wide light yellow, and a good one .....	\$2.50
CAMEROUN (Cayeux 1938) Fine lustrous deep purple .....	\$2.50
CAPITOLA (Reinelt 1940) Wm. Mohr seedling. Parent to Lady Mohr, \$2.	
CAPTAIN ROYAL (Snyder 1944) Mosaic-blue grandchild of Wm. Mohr .....	\$12.50
CAPTAIN WELLS (P. Cook 1941) Rich blackish-maroon. Nothing like it. Best planted in partial shade for it is dark .....	\$4.00
CARNIVAL PARADE (H. Sass 1946) Large new plicata .....	\$13.00
CAROLINE BURR (K. Smith 1940) Odd cream. From Easter Morn x Mme. M. Lassailly. Should produce amoenas and neglectas, .....	\$3.50
CARVED IVORY (Essig 1936) A fine ivory self .....	.50
CASA MORENA (DeForest 1943) Burnt Sienna and Chestnut. Most brilliant show of color. A. M. 1946 .....	\$10.00
CASQUE D'OR (J. Sass 1937) Rich Gold standards, Maroon falls, \$1.00	
CATHEDRAL DOME (Nesmith 1936) Dependable, popular white, \$1.00	
CATHERINE MILLER (Bommersbach 1943) We like this variegata even though not large .....	\$5.00
CEDAR ROSE (Whiting 1941) Red-brown. A good parent .....	\$2.00
CHANTILLY (D. Hall 1945) Orchid blend all beruffled. A magnificent parent .....	\$12.00
CHARLOTTE MILLET (Cayeux 1937) Always a dull, dirty lilac here. Has produced some good seedlings, \$1.00	
CHEERIO (Ayres 1934) Falls as red as anything in the iris garden ....	.35
CHICORY BLUE (G. Douglas 1942) A handsome blue .....	\$5.00
CHIEF POKING FIRE (DeForest 1942) Broad, full, brown-red. Fine .....	\$3.00
CHINA LADY (Milliken 1944) Grand lemon-yellow-cream .....	\$1.50
CHINA MAID (Milliken 1936) Large orchid-pink blend .....	\$1.00
CHIPPEWA (Salbach 1943) Delicately marked yellow plicata .....	\$2.50

CHOCOLATE CREAM (H. Sass 1944)	COPPER PINK (Kellogg 1941) Large pink blend. Grand when established .....
Very large chocolate-marked pli-cata ..... \$5.00	\$3.00
CHOSEN (C. G. White 1937) Large yellow. Most fertile pollen	\$1.00
CHRISTABEL (Lapham 1936) Dark red quality. A. M. 1941 .....	.75
CHRYSOLITE (Milliken 1941) Large cream with orange beard .....	\$1.00
CIGARETTE (Brehm 1946) Large cream, said to be fine .....	\$10.00
CITY OF LINCOLN (H. Sass 1937)	
The variegata .....	\$1.00
CLARET VELVET (Weed 1941) Rich velvety wine-purple. Simply grand .....	\$1.50
CLARIBEL (J. Sass 1936) Plicata similar to Los Angeles. Parent of Snow Velvet .....	.50
CLOUD CASTLE (Graves 1944) Splendid light blue. Pollen parent of Helen McGregor .....	\$7.00
CLOTH OF GOLD (Whiting 1945)	
Bright yellow from Golden Hind xGolden Spike .....	\$5.00
CLOVELLY (Tobie 1940) Pod parent of Reveille. Greenish-cream, \$1.00	
COLORATURA (DeForest 1946) Ruf-fled, flaring russet-gold self	\$12.00
CONCERTO (Tompkins 1944) Flaring pansy-like purple. Unusual .....	\$3.00
COPPER CASCADE (Kleinsorge 1940)	
Lighter Tobacco Road. A good one .....	\$1.00
COPPER CRYSTAL (Washington 1938) Copper. Pod parent of Leilani .....	.50
COPPER GLOW (G. Douglas 1945)	
A fine copper self .....	\$15.00
COPPER LUSTRE (Kirkland 1934)	
Unusual light copper. Dykes medal 1938 .....	.50
COPPER RIVER (DeForest 1945)	
Glistening tan. Fine parent	\$15.00
COPPER ROSE (P. Cook 1941) Rose-copper and terra cotta .....	\$3.50
COPPER PINK (Kellogg 1941) Large pink blend. Grand when established .....	\$3.00
CORALIE (Ayres 1932) Delicate pinkish blend. Dykes Medal 1933 .....	.35
CORAL MIST (Grant 1941) Pink blend flushed cinnamon .....	\$5.00
CORINTHE (Cayeux 1934) Huge, very late, bishop's purple .....	.50
CORITICA (H. Sass 1942) Sister to Ruth Pollock which we like better .....	\$5.00
CORONADO (Tompkins 1945) Very smooth flaring yellow .....	\$10.00
CORONET (D. Hall 1938) Golden tan. Parent of Gay Troubadour .....	.35
CORTEZ (Nesmith 1935) Late varie-gata. Parent of Extravaganza .....	\$1.50
COURS-LA-REINE (Cayeux 1938)	
Nice blend from France .....	.50
CRIMSON TIDE (Nicholls 1939) Dul-lish red. Fine blood for a red parent .....	\$1.50
CROWN OF GOLD (D. Hall 1940)	
Very large early light yellow	.50
CYRUS THE GREAT (Kirkland 1934)	
A large purple favorite .....	.50
DAMASCUS (Tompkins 1945) Large orange-yellow, falls brushed orange brown .....	\$15.00
DAMERINE (Gage 1939) Rich red self .....	\$1.00
DARKEST AFRICA (Horton 1942)	
Plum-red-purple .....	\$1.50
DARK KNIGHT (Salbach 1934) Good mahogany red .....	.50
DAWN OF GOLD (Salbach 1940) Tall well branched yellow .....	\$5.00
DAYBREAK (Kleinsorge 1941) Blend-ed pink and buff. Smooth parent .....	\$5.00
DAYDAWN (Whiting 1940) Lovely color. Sister to Cedar Rose ..	\$1.00
DEB'S DELIGHT (Hall-Small 1946)	
Flesh-shell pink with bright beard .....	\$5.00

DEEP VELVET (Salbach 1939) Fine creation in deep purple, plum and brown .....	\$2.00
DEPUTE NOMBLOT (Cayeux 1929) Red-purple. Dykes Medal France, 1930 .....	.25
DERRILL HART (Glutzbeck 1938) Another red-toned one .....	.50
DESERT SKIES (Salbach 1945) A fine medium blue .....	\$4.00
DESTINY (Burgess 1934) Rich purple favorite .....	.50
DINAH SHORE (T. Williams 1945) Honey-orange self .....	\$7.50
DIRECTEUR PINELLE (Cayeux 1932) Imposing bronze-purple .....	.40
DISPLAY (Grant 1942) A display, indeed, of rich red-purple .....	\$5.00
DISTANCE (P. Cook 1946) A new blue from Mr. Cook. Should be good .....	\$15.00
DIXIE SUNSHINE (Milliken 1944) Yellow with serrated petals ..	\$3.00
DOMINION (Bliss 1917) The old-time progenitor. Still nothing like it .....	.25
DOMINION REX (Kirkland 1936) Bi-colored blue. Almost a neglecta .....	.50
DORE (J. Sass 1935) A breeder for many colors including pinks ..	.25
DOROTHY DIETZ (Williamson 1929) Amoena. Parent of many amoena as including Wabash .....	.35
DREAM GIRL (D. Hall 1944) Flamingo pink. Few plants .....	\$12.00
DREAMLAND (Snyder 1945) Very large red. Grandchild of Pioneer, Trojana, Ricardi and Moa ....	\$30.00
DRESS PARADE (Maxwell 1945) Standards burnished gold. Falls red .....	\$5.00
DUBROVNIK (Williamson 1936) Deep rose—flushed lavender. Good parent .....	.75
